signature with conjugacy problem   Search

"with" is a very common word and was not included in your search. [details]

Scholar   All articles - Recent articles   Results **1 - 10** of about **41,900 English** pages for signature with conjugacy problem. (0.18 seconds)

[PDF] ›New **signature** scheme using **conjugacy problem**
KH Ko, DH Choi, MS Cho, JW Lee - preprint, 2002 - citeseerx.ist.psu.edu
Page 1. New **Signature** Scheme Using **Conjugacy Problem** ... Key words: non-commutative,
braid, digital **signature**, provable, **conjugacy problem** 1 Introduction ...
Cited by 29 - Related articles - View as HTML - Web Search - All 7 versions

Recursively enumerable degrees and the **conjugacy problem**
DJ Collins - Acta Mathematica, 1969 - Springer
... THE **CONJUGACY PROBLEM** BY ... We prove that for every re degree of unsolvability there
exists a finitely presented group whose **conjugacy problem** is of that degree. ...
Cited by 46 - Related articles - Web Search - Library Search - All 2 versions

A polynomial time algorithm for the braid Diffie-Hellman **conjugacy problem**- ·ua.ac.be [PDF]
JH Cheon, B Jun - Advances in cryptology–CRYPTO, 2003 - Springer
... Diffie-Hellman **Conjugacy Problem** Jung Hee Cheon 1 and Byungheup Jun 2 ... Keywords:
Braid group, Non-abelian group, **Conjugacy Problem** 1 Introduction ...
Cited by 33 - Related articles - Web Search - All 16 versions

[PDF] ·The **conjugacy problem** for Coxeter groups
D Krammer - 1994 - maths.warwick.ac.uk
... a root base for W such that the symmetric bilinear form (·,·) has **signature** (n,1 ...
4.7.6 we use this to give a solution to the **conjugacy problem** for hyperbolic ...
Cited by 38 - Related articles - View as HTML - Web Search - Library Search

New public-key cryptosystem using braid groups- ·psu.edu [PDF]
KH Ko, SJ Lee, JH Cheon, JW Han, J Kang, C Park - Lecture Notes in Computer Science, 2000 - Springer
... Key words: public key cryptosystem, braid group, **conjugacy problem**, key exchange,
hard **problem**, non-commutative group, one-way function, public key ...
Cited by 153 - Related articles - Web Search - BL Direct - All 16 versions

[PDF] ·Braid-based cryptography
P Dehornoy - Contemp. Math, 2004 - citeseerx.ist.psu.edu
... Authentication 2.4. **Signature** 3. Attacks against the braid schemes 3.1. Solutions
to the **Conjugacy Problem** 3.2. Attacks based on length 3.3. ...
Cited by 61 - Related articles - View as HTML - Web Search - All 6 versions

[CITATION] New **signature** scheme using **conjugacy problem**, 2002
KH Ko, DH Choi, MS Cho, JW Han
Cited by 3 - Related articles - Web Search

New public key cryptosystem using finite non Abelian groups- ·iacr.org [PDF]
SH Paeng, KC Ha, JH Kim, S Chee, C Park - Lecture notes in computer science, 2001 - Springer
... can apply our encryption scheme to G even if DLP and the (special) **conjugacy problem**
in G are not hard **problems**. ... It is easy to make a **signature** scheme with ...
Cited by 31 - Related articles - Web Search - BL Direct - All 6 versions

Conjugate points on spacelike geodesics or pseudo-self-adjoint Morse-Sturm-Liouville systems
AD Helfer - Pacific J. Math, 1994 - projecteuclid.org
... Section 10 treats the Morse-Sturm **problem**. ... of a point with a whole ray of **conjugate**
points, and ... The **signature** of a quadratic form is its positive type number ...
Cited by 39 - Related articles - Web Search - All 4 versions

A linear algebraic attack on the AAFG1 braid group cryptosystem- °psu.edu [PDF]

J Hughes - Lecture Notes in Computer Science, 2002 - Springer

... in a given finitely presented group, which can be computed rather rapidly, and in which there is no corresponding fast solution for the **conjugacy problem**. **...**

Cited by 33 - Related articles - Web Search - BL Direct - All 13 versions
